Ticketing		
Ticketing Qualifiers	Ticketing modifiers can be entered one by one	Using the W¥ ticketing command, add any other ticketing qualifiers you need, separating each qualifier with the cross of Lorraine (¥). W¥KP5¥AAR¥PMIL¥DP¥FCASH
Multiple forms of payment	If using multiple forms of payment, one passenger must be issued at a time	All passengers using multiple forms of payment can be issued at once W¥ FMP*(credit code and number)/(expiration date)*(second form of payment)/(base amount)/(tax amount) ¥ (additional ticketing qualifiers) W¥FMP*AX9787219130000000/0505 *CK/ 180.00/40.00¥ARG¥DP
After ticketing	Galileo closes PNR after each ticketing instruction	The PNR remains open after issuing a ticket, allowing you to ticket a different passenger. Be sure to end the record before creating a new itinerary.
